

Dear colleagues and friends,

After the first day of the conference “World and Word – Wittgenstein's philosophy of language, mathematics and religion reconsidered” at the Faculty of Philosophy in Belgrade, some great philosophical minds will gather together with some great artists in one place...

On **9 June 18:00-20:00** please join us for the event

The end of language – Wittgenstein reimagined

at the lovely garden of the

Rectorate of the University of Belgrade

Kapetan Mišino zdanje

Vuka Karadžića 1

The event will include a presentation of the interdisciplinary digital online platform Lichtfelder.org for bilateral cultural dialogue in contemporary art and natural and social sciences between Austria and Serbia. The platform's first open call for artists was inspired by the works of Ludwig Wittgenstein and will soon be available online.

Participants on the spot and online: the director of the Austrian Cultural Forum Belgrade Adrien Feix, curators Daniela Wageneder-Stelzhammer and Alexandra Lazar, founders Getrude Moser Wagner and Doris Jauk Hinz, moderator Milica Lapčević and the artists who submitted their artworks.

We hope to see you there in person. *A philosopher who is not taking part in discussions is like a boxer who never goes into the ring.*

At least that's what **Ludwig Wittgenstein** said... And he knew his way with words...

Sincerely Yours,

Austrian Cultural Forum Belgrade
